SKILL

- Python (Basics)
- SQL (Basics)
- MS Office (Word, Excel, PowerPoint)
- Power BI
- Tableau
- Jupyter Notebook
- VS Code / Anaconda
- Python Libraries (Pandas, NumPy, matplotlib, seaborn)

STRENGTHS

- Quick Learner and Adaptable
- Good Analytical and Problem-Solving Skills
- Time Management
- Collaborative Team Player

HOBBIES

- Playing Chess
- Playing Cricket

OBJECTIVE

Enthusiastic and detail-oriented electronics and telecommunication engineering graduate with a solid foundation in data analysis and software tools. Eager to apply technical skills and analytical abilities in a dynamic organization that encourages innovation and learning.

EDUCATION

- B.E. (ELECTRONICS & TELECOMMUNICATION ENGINEERING) - Sant Gadge Baba Amravati University – **6.86 CGPA** (2025)
- Higher Secondary Certificate (H.S.C) - Shri Shivaji Science College, Amravati – **92.67%** (2021)
- Secondary School Certificate (S.S.C)- Janta Vidhyalay Nerpingalai, Morshi - **88%** (2019)

PROJECTS

- **Time Delay Circuit Using 555IC**
The time delay circuit using a 555 IC is a widely used design that leverages the IC's internal configuration for producing accurate and adjustable time delays.
- **Conveyor Belt Based Product Counting System**
Designed and implemented an automated product counting system using sensors (IR/ultrasonic) and microcontroller (Arduino/Raspberry Pi) to accurately count products moving on a conveyor belt. Skills: Embedded Systems, IoT, Python, Sensor Integration, Data Analytics, Problem-Solving

CERTIFICATION

- Chairman – IETE Student Forum, 2024–25
- Runner-Up in Inter-College Chess Competition
- NMMS Scholar (National Means-Cum-Merit Scholarship)
